

# March to Nashville

*March to Nashville* is a special partnership between FBLA-PBL and March of Dimes to reach the goal of raising a half million dollars. Raise money for March of Dimes by selling boots for \$1 each to FBLA members, students, teachers, parents, businesses, and community members and by doing fundraising projects.

Boots are being used because NLC is in Nashville this summer. You are encouraged to make copies of the boot to use in your chapter or district as you raise funds.

When you send in the March of Dimes form by March 17, include your check made payable to Custom Meeting Planners (not March of Dimes). The state office will send the total amount contributed by Missouri to March of Dimes in one check. In this way, our state will get credit for our entire contribution.

Your chapter will have one more opportunity to help save babies at SLC. As students contribute \$1, they will sign your chapter boot. The boots and contributions will be turned in at the dance. The boots will be put up on the walls leading to the Expo Center at the Awards Session. The amount collected at SLC will be added to our state contribution total.

States will be honored on stage at NLC for the *March to Nashville* contribution and the winning state will receive the Golden Foot Award.
